

LEGASTAT

Expert Litigation Support

Litigation Support Experts

As experts in reprographics and litigation support, we have been trusted to deliver a professional, secure and efficient service since 1953.

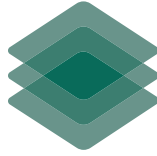

Our customers' needs, quality and confidentiality are at the heart of everything we do.

Top law firms, corporations, government agencies and sole practitioners rely on us to meet their litigation support and disclosure obligations on time, securely, accurately and cost-effectively.

Our litigation support services are comprehensive and include; forensic collection, scanning and indexing of hard copy, electronic disclosure services including a fully managed legal review and printing of trial bundles.

We are proud to be part of the government framework for Electronic Disclosure Services and Hard Copy review services for government (RM3717) and G-Cloud.

LEGASTAT

Expert Litigation Support

Our litigation support services are grouped into four key areas:

ELECTRONIC DISCLOSURE

Cloud based litigation services powered by AI

REPROGRAPHICS

Secure legal photocopying and automated printing

SCANNING & INDEXING

Electronic court bundles and document coding

MANAGED LEGAL REVIEW

Document review driven by predictive coding

SCANNING AND INDEXING

Legastat has over 25 years of experience delivering high-speed and high-quality imaging and indexing services.

Legastat can extract information from scanned images, such as content and metadata including author, recipient, date, or document title.

- ◆ Access your bundles 24/7, and share them with counsel, clients and courts
- ◆ Find the information in seconds by searching & filtering your documents
- ◆ Split your lever arch file into individual documents ready for disclosure
- ◆ Store securely in the cloud and reduce costs

ON-SITE SCANNING

Legastat can deploy a scanning facility at your premises. Our on-site equipment will include a secure network of computers, server, scanners and back up facilities, staffed by project managers and trained operators.

MANAGED LEGAL REVIEW

People: Our legally qualified and experienced reviewers are trained and onboarded to your project to deliver efficient outputs of the highest quality.

Process: Our flexible processes will match your requirements. Quality control and efficiency are reinforced with expert project management and leadership.

Technology: Our review platform, Axcelerate™ from OpenText™ is fast and intuitive using predictive analytics and Technology Assisted Review (TAR) to identify, prioritise and batch documents.

- ◆ Fast and efficient first-tier review teams available to work along with your in-house team
- ◆ Subject Access Requests (SARs) and redaction services
- ◆ Efficient use of technology (including AI), people and processes for a streamlined service

ELECTRONIC DISCLOSURE SERVICES FOR INVESTIGATION, ARBITRATION AND LITIGATION

Legastat provides a comprehensive, specialist, end-to-end, litigation support service to our clients.

We use artificial intelligence to enable legal teams to work faster, with greater accuracy and reduced costs.

- ◆ Mitigate discovery risks and control the disclosure costs
- ◆ End-to-end provider for both electronic and paper documents
- ◆ Use artificial intelligence (AI) to boost your results and reduce costs
- ◆ Use expert advice and build a defensible disclosure strategy

Our service is underpinned by a team of highly trained experts with years of experience in managing a huge variety of different cases, clients and challenges, producing outstanding results time after time.
